

WESSLEY

SUBJECT: Additional Reasons for Suspecting that Dr. Kurt WESSELY is in contact with the Soviet IS.

1. Dr. Kurt WESSELY, together with his wife and two children, recently returned to Alt Aussee from an alleged sojourn in Bad Hall, Oberoesterreich. While in Bad Hall, he frequently drove through Steyr into the Soviet Zone, which is only about half an hour away by car. In Bad Hall, Dr. WESSELY spent about 10,000 Shillings for information.

3. Dr. Emmerich OFFCZAREK ("SCHAEFER") has informed Dr. WESSELY of the suspicious information which has been circulating against WESSELY whenever he gains knowledge of such a report. Dr. OFFCZAREK regards each attack against WESSELY as an attack against his own person, and he always states that WESSELY is his best man for gathering information concerning the satellite countries. This knowledge of Dr. WESSELY is actually unusual, but the most part of it has been gained not from travelling but from studying the literature and the press of the countries involved.
